TECHNICAL REQUIREMENTS FOR THE PAPERS

/after being approved by peer-reviewers to be published in *Announcements of the Union of Scientists – Sliven Journal*/

Guidelines for authors in *Announcements of the Union of Scientists – Sliven*

1. The software for processing the scientific article shall be based on the format specifications of PDF (.pdf) or Word (.doc, .docx, .rtf) files.

2. Articles should be written in British English (BE) if published in *Announcements of the Union of Scientists – Sliven*

or

in any of the conference languages if published in Conference Proceedings “Educational Technologies 2023”

3. The number of pages should be limited to 6, for any additional page after the sixth one *12 lv is paid extra* (including VAT). To avoid unnecessary errors, authors are advised to use spelling check and grammar checker.

4. Requirements for the format of the pages of the article:

- Paper sheet size: A4;

- Page margins: top – 3 cm./bottom – 2 cm./left – 1.5cm./right – 1.5 cm.; Text: single spacing;

Font: Times New Roman;

- Font size: 12 points;

- Alignment: justified.

No footnotes allowed. Any remarks or notes should be written at the end of the document.

5. The header of the article shall be located on the first page in one column format and includes:

- title of the article in capital letters (without abbreviations);

- name(s) of author(s) (no scientific degrees);

- place of work (Faculty, University, State);

- author(s)' e-mail(s);

- abstract (no more than 15 lines)

- no more than 10 keywords.

Additionally, the name of the corresponding author must be indicated.

6. The body of the article follows after the title. It is arranged in a format "one column" and broadly includes:

- introduction;

- preliminary notes (about methods or materials used);

- main results and discussions;

- conclusions;

- acknowledgments (if any);

- references.

Formulae in the text must be written with Equation Editor and numbered right in parentheses. In-text citations should be included with numbers in square brackets, corresponding to the numbering in references: e.g. [5].

7. Tables and figures should be integrated into the text and have numbering with Arabic numerals. The number and title (not capitalized) of the table should be above the table centered.

The number and title (not in capital letters) of the figure should be centered just below the figure.

Images included in the composition of figures should be in good resolution, and all symbols inside be clear and legible. If figures and/or tables have been created by PowerPoint, Photoshop, Microsoft Excel, etc. then their original files should also be provided to the editors.

8. All references must be written in Latin. If there are Cyrillic sources, they should be presented in Latin, using English translation or transliteration.

9. References must be numbered and arranged alphabetically by authors.

Specific requirements are as follows:

Articles in journals and magazines:

[1] Siao S., Lin L., Chen W., Huang M., Chong P., (2009), Characterization and emulsifying properties of block copolymers prepared from lactic acid and polyethylene glycol, *Journal of Applied Polymer Science*, 11 (4), 509–516.

Books or monographs
