## Edupreneurship

### LIFELONG EDUCATION AT FACULTY OF EDUCATION OF MASARYK UNIVERSITY

*Are you interested in starting an education project? Or do you already have one and need inspiration?*

Education programme that offers a powerful experience of development of one's own capacity to function as an entrepreneur in the field of education using experiential learning and methods of active learning that acknowledge the specifics of adult education.

The programme has received an official accreditation under the name: **Entrepreneurship: Support of Enterprise and Socially Responsible Behaviour**. Within it, however, we focus at entrepreneurship in the field of education; thus, edupreneurship. In its entirety, it consists of **104** hours of direct teaching support, in which participants acquire basic knowledge of social enterprise, project management and team leadership and become familiar with basics of business management, marketing and a number of other topics

**EDUpreneurship = (Social) Entrepreneurship + Education**
